Then... **Talleres Palermo** is what you need.

WHY TALLERES PALERMO?

We understand and know the essential ingredients for a successful work retreat. It's all about BBB.

BUILD BOND BOOST

We want to work with businesses who want to **BUILD** a stronger team, getting the employees motivated, creating **BONDS** between peers in a healthy work environment and **BOOST** their knowledge. The best way to achieve this is combining different programmes, both outdoor and indoor: creative workshops, nature activities, mindfulness and cultural experiences...

Dont worry, the success of your retreat is assured with us!!!

THE PLACE

The building was disused for 20 years and reinvented in 2018 to create a unique space for work and leisure. With the memory of the past years as a carpentry workshop printed on its walls and old machinery, you can feel a special environment that stimulates individual creativity and teamwork. Besides this, Talleres Palermo is located in the heart of the city and just 2 minutes walk from one of the best urban beaches in the world, Las Canteras.

SUSTAINABILITY is the basis on which Talleres Palermo was built, based on the reuse of the building. From then on, the use of recovered or handcrafted furniture in our workshop, the non-use of plastics, the proposals for local consumption or the experience of our urban garden on the roof, mark our proposal as a multipurpose space committed to the environment.

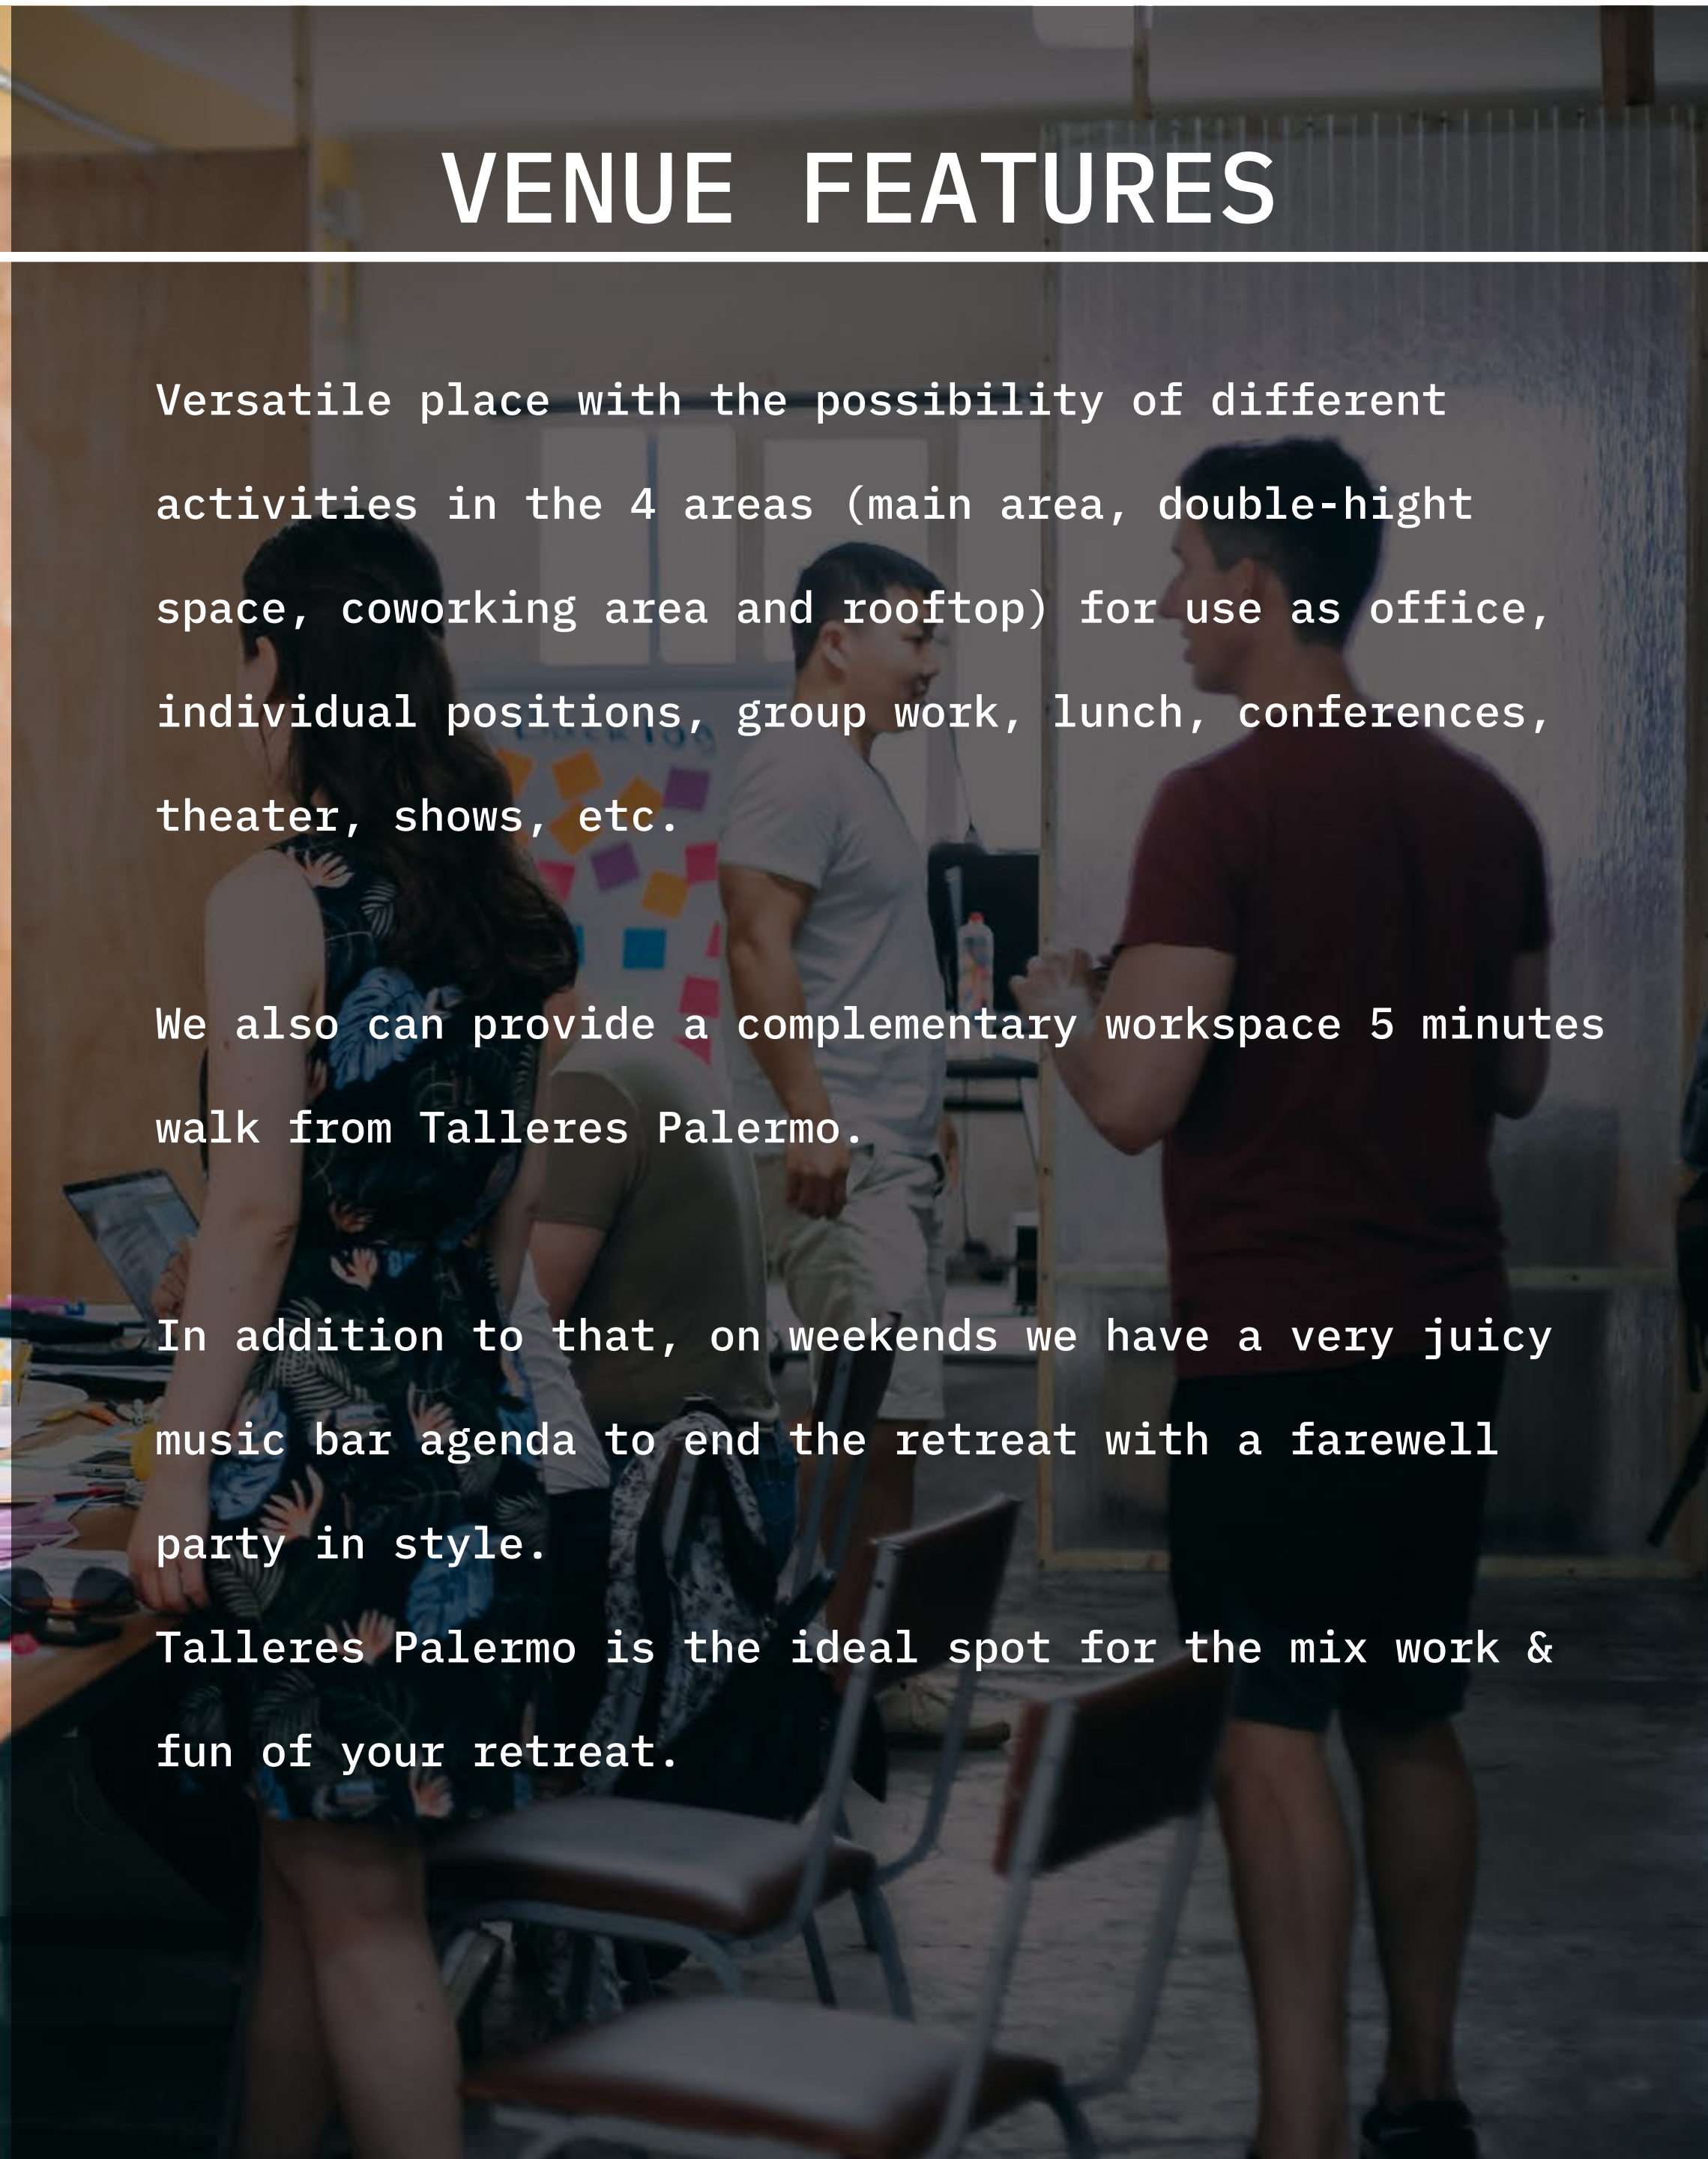

VENUE FEATURES

Versatile place with the possibility of different activities in the 4 areas (main area, double-height space, coworking area and rooftop) for use as office, individual positions, group work, lunch, conferences, theater, shows, etc.

We also can provide a complementary workspace 5 minutes walk from Talleres Palermo.

In addition to that, on weekends we have a very juicy music bar agenda to end the retreat with a farewell party in style.

Talleres Palermo is the ideal spot for the mix work & fun of your retreat.

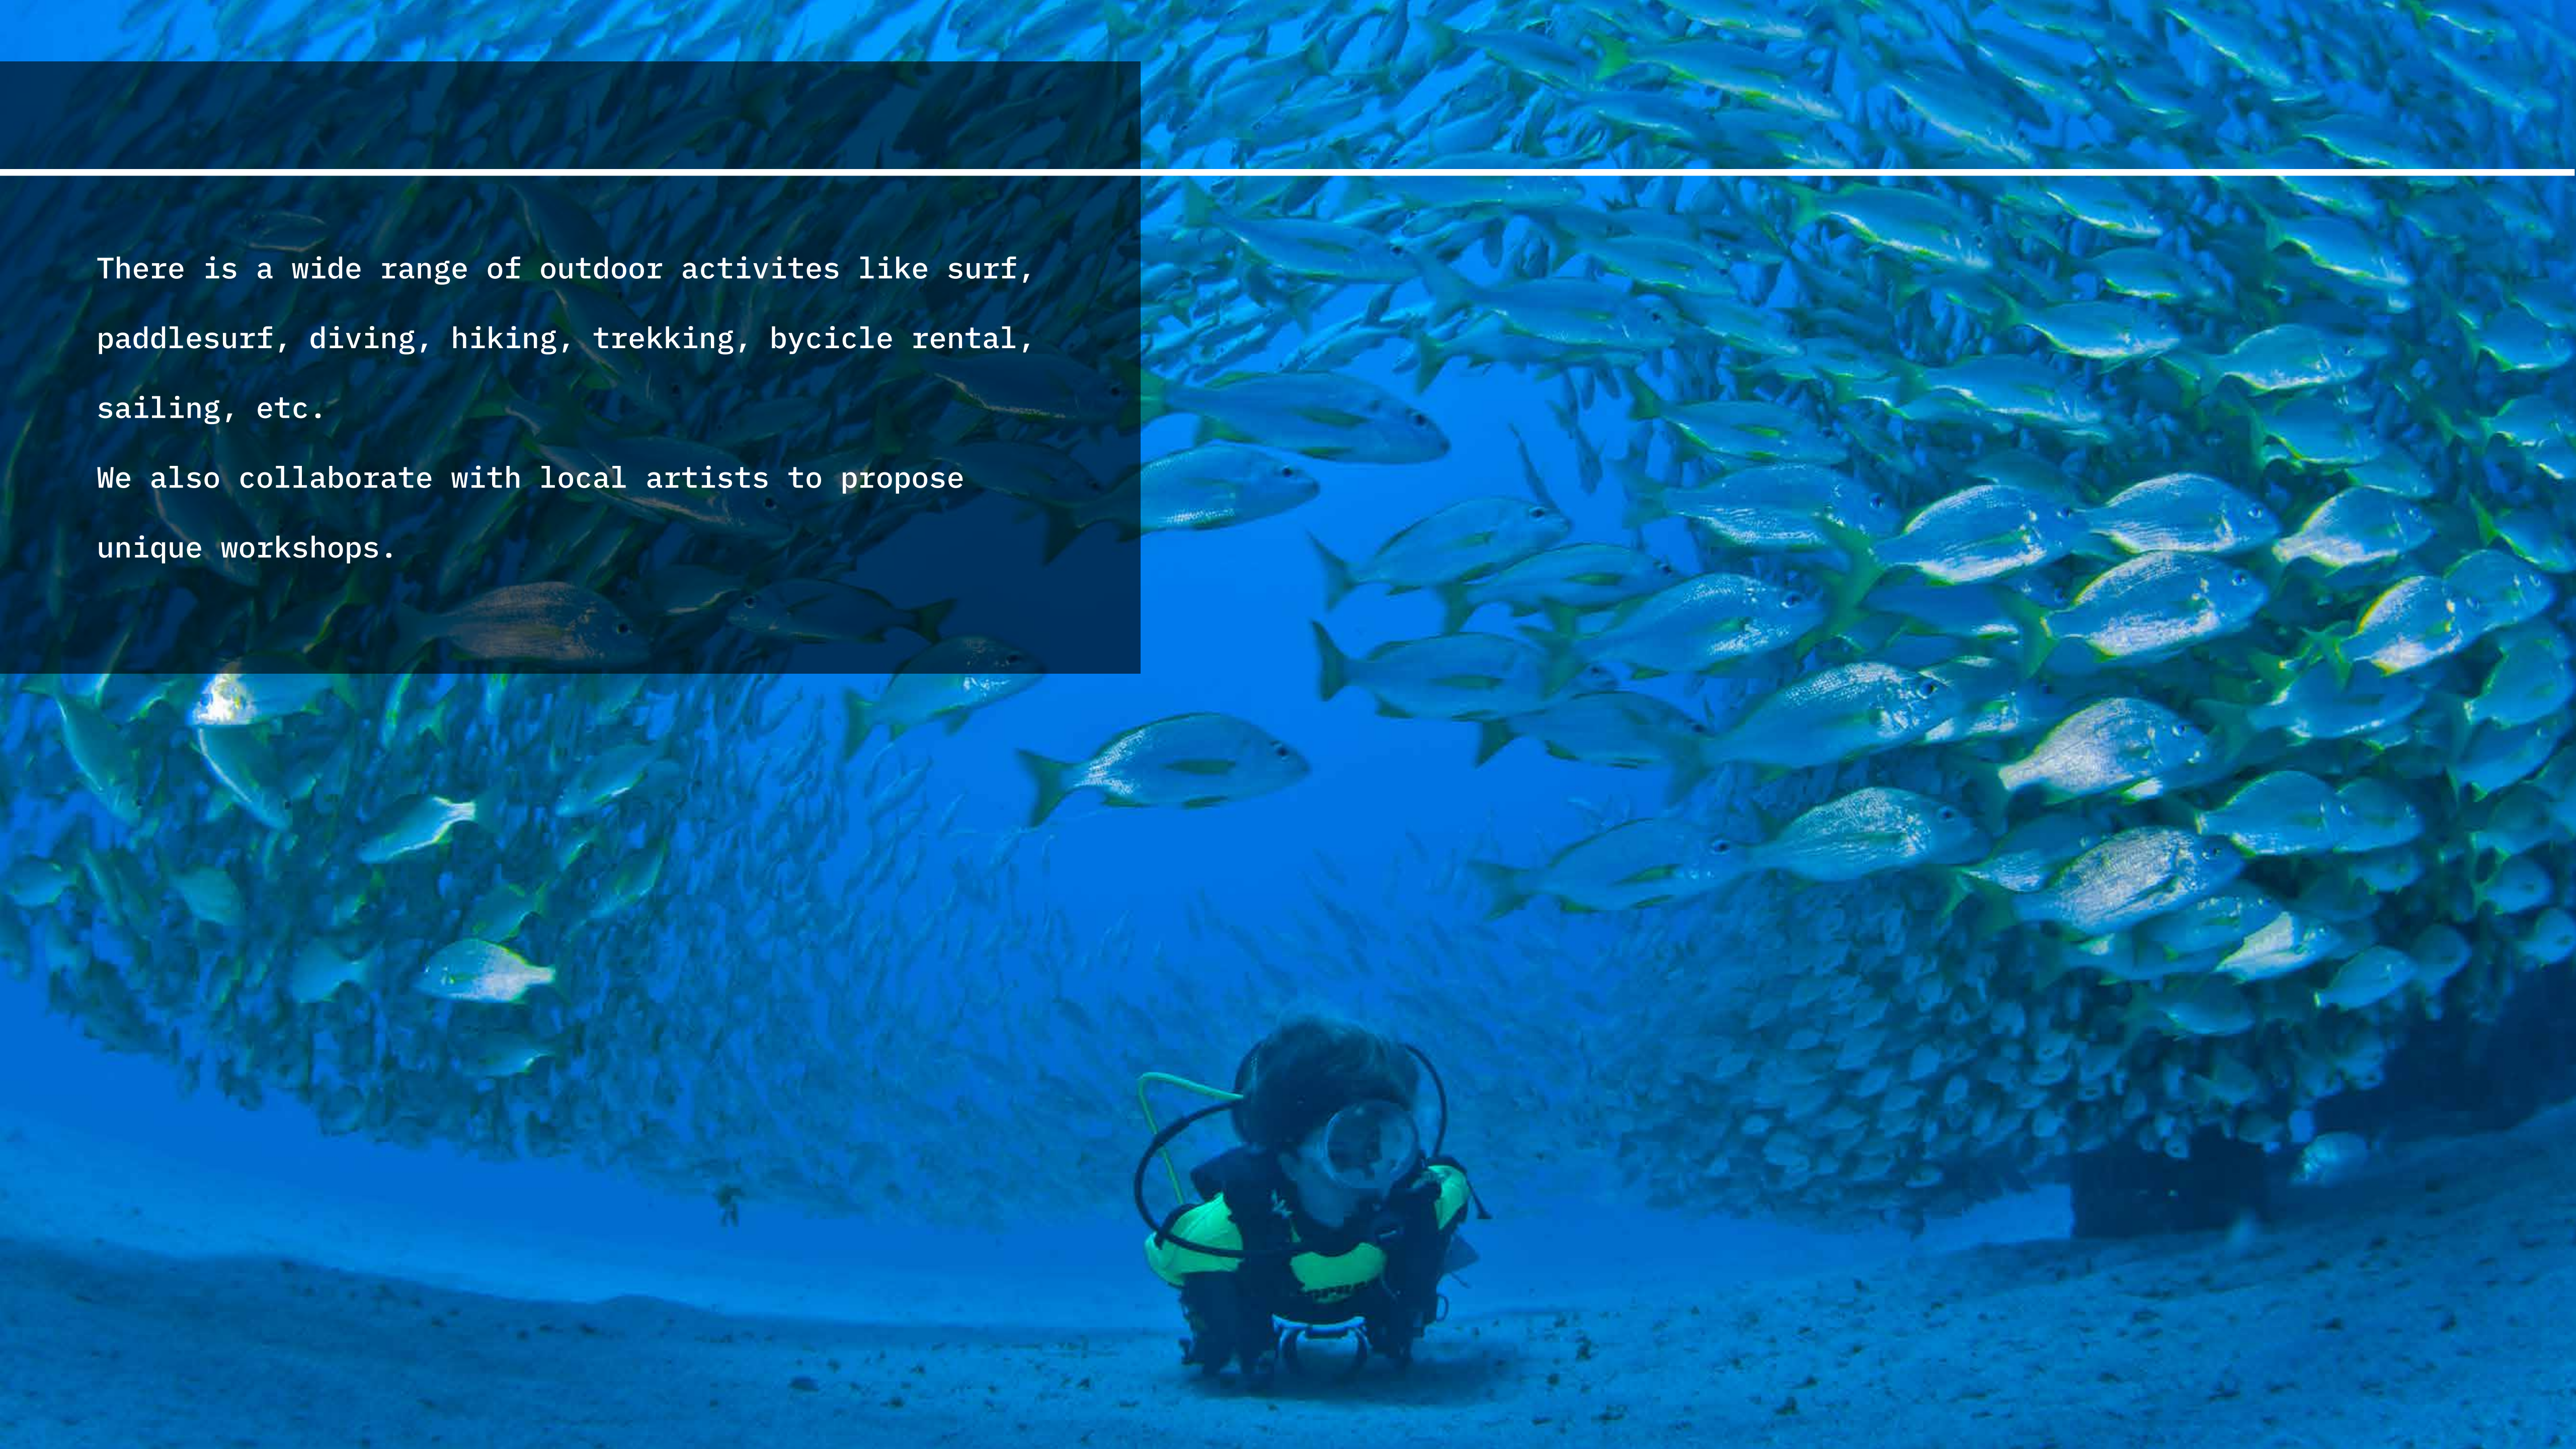

A LITTLE LESS CONVERSATION AND CHANGE LOCATION *GRAN CANARIA*

Gran canaria is an amazing island with a lot of variety on offer, known for its many different landscapes and beautiful beaches.

Btw, this picture is taken 100m from Talleres Palermo...

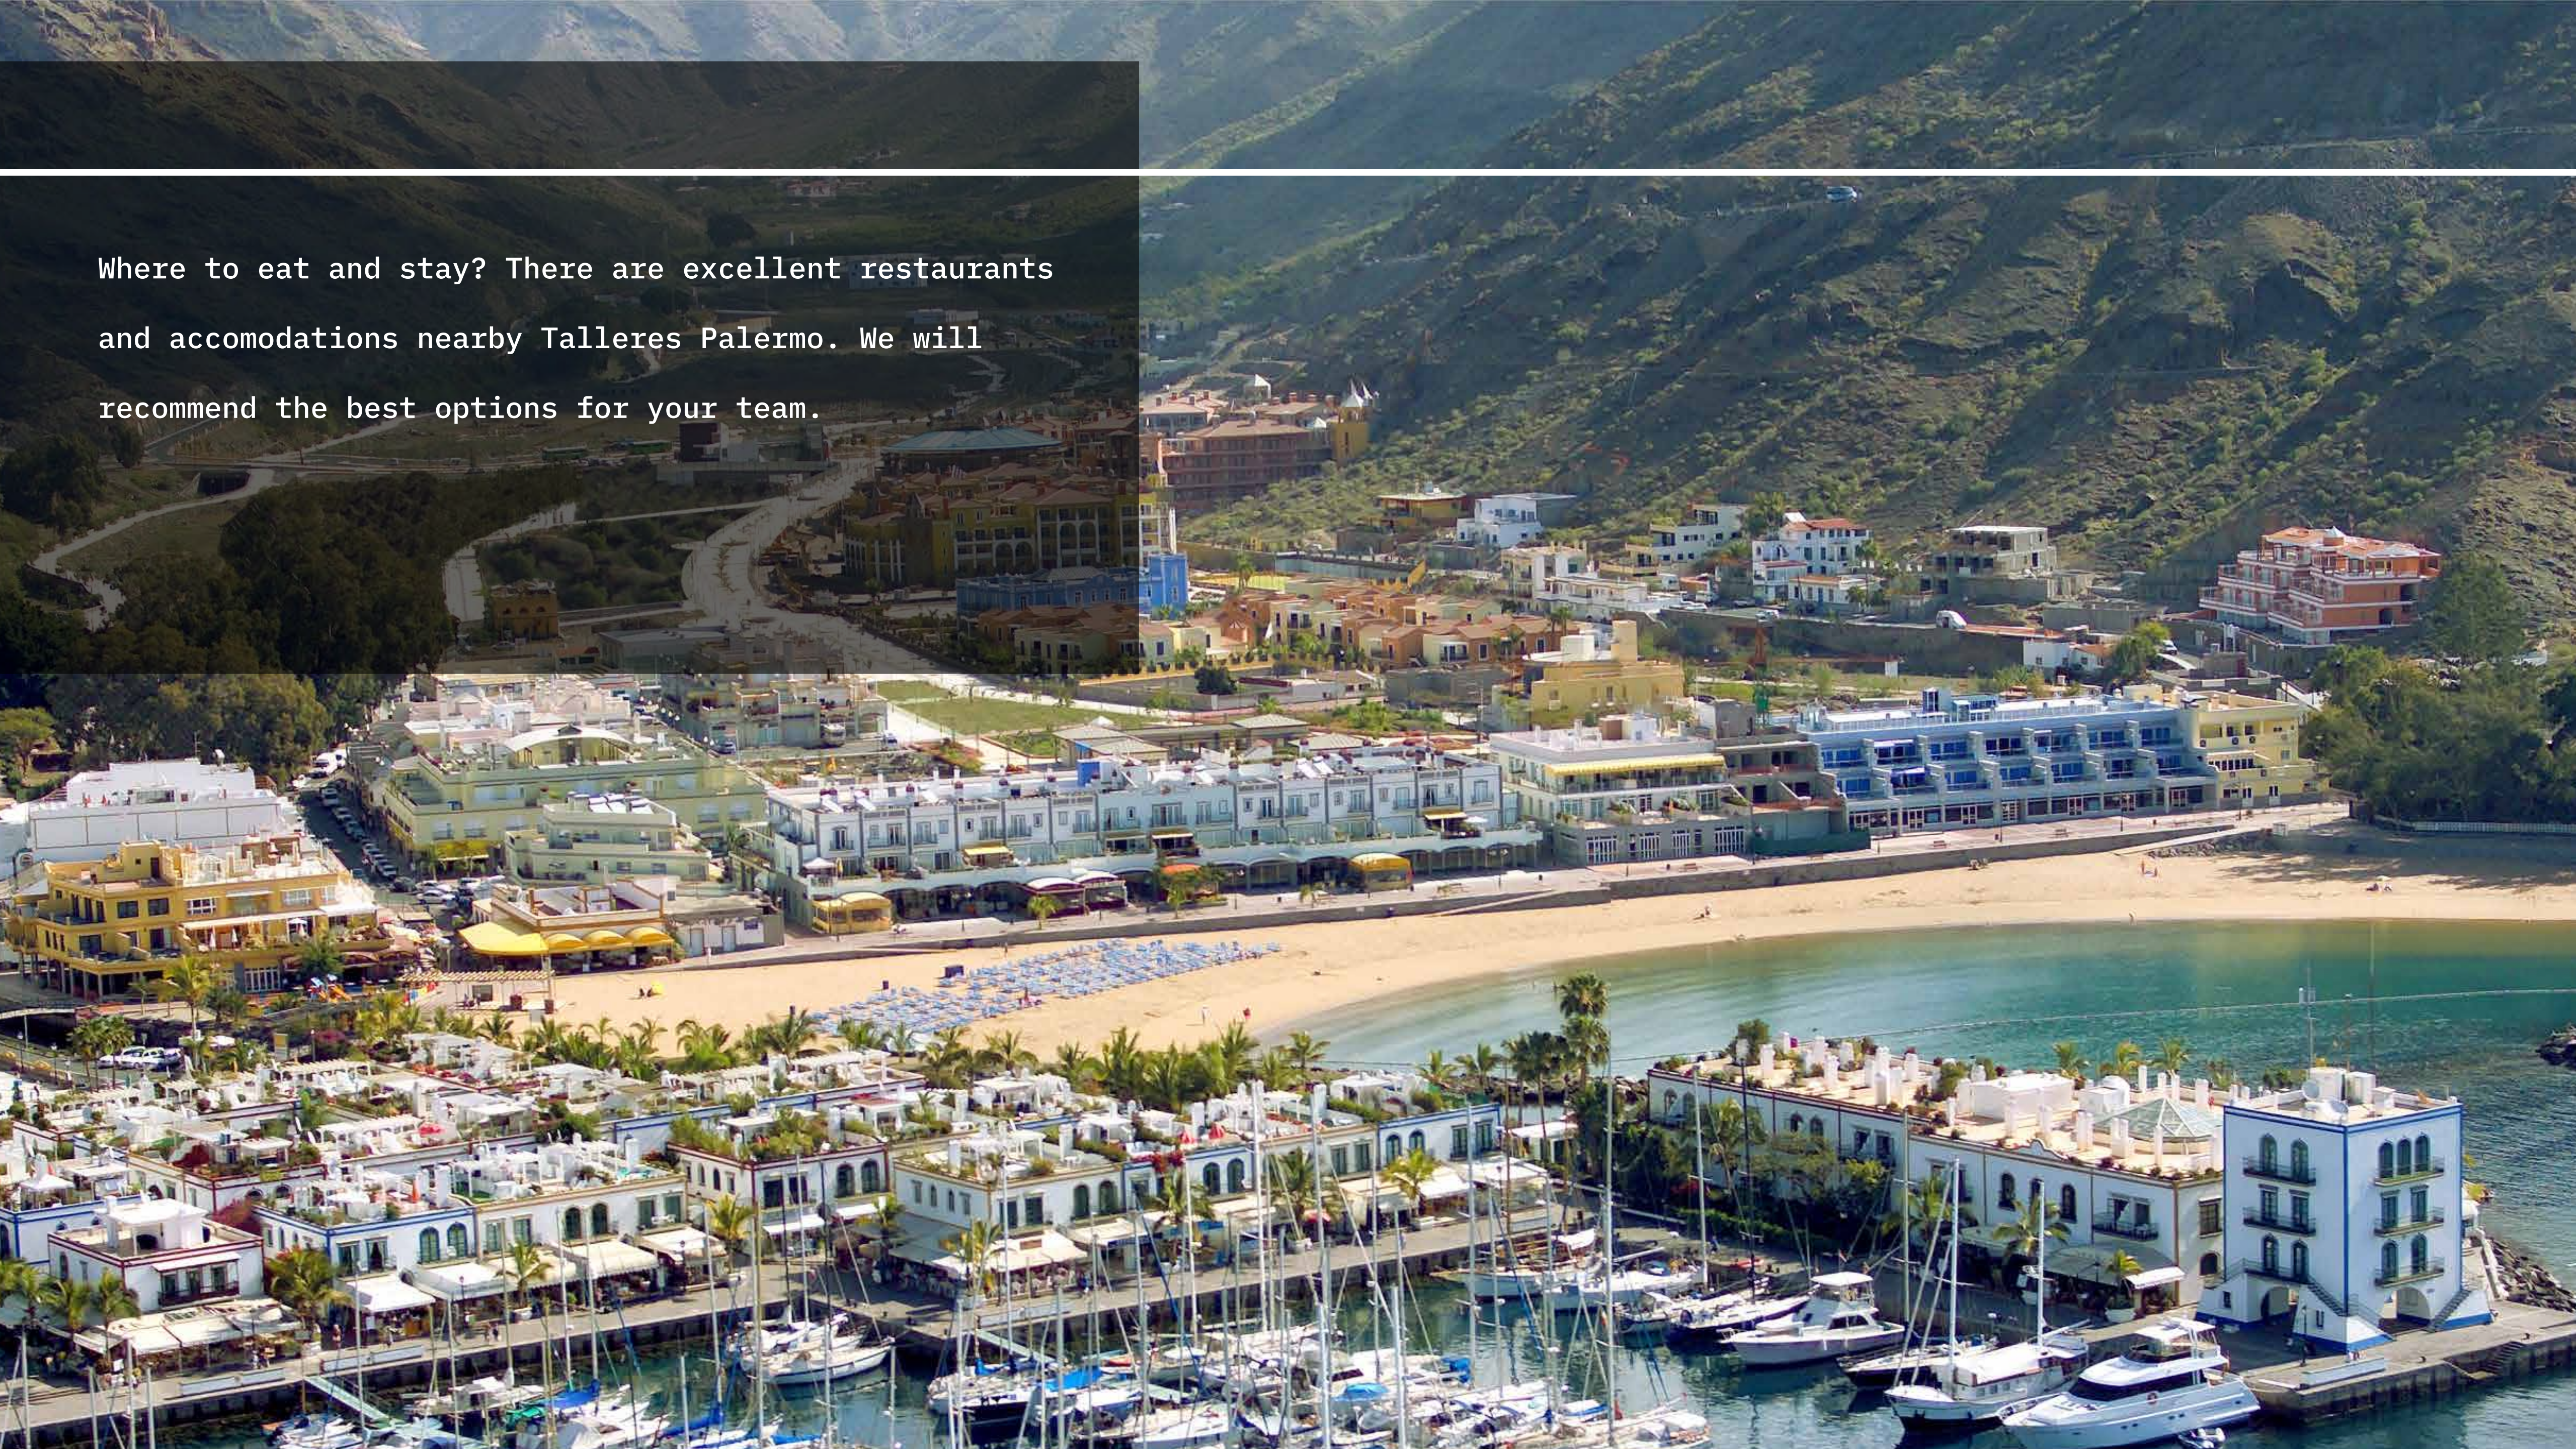

A full-page underwater photograph with a blue color cast. In the foreground, a diver in a black wetsuit and yellow BCD is crouched on the sandy seabed. Above the diver, a massive, dense school of small, silvery fish with yellow stripes swims in a coordinated pattern, filling most of the upper two-thirds of the frame. The background shows a sandy bottom and some faint, blurry structures.

There is a wide range of outdoor activites like surf,
paddlesurf, diving, hiking, trekking, bycycle rental,
sailing, etc.

We also collaborate with local artists to propose
unique workshops.

Where to eat and stay? There are excellent restaurants and accommodations nearby Talleres Palermo. We will recommend the best options for your team.

Sorrounded by the Atlantic ocean and exotic nature,
flavoured with African and South American spices...
